

BRAKE LINES

ORIGINAL REPLACEMENT

Our stainless steel braided brake lines are lightweight and durable. They provide a significant increase in feel and response due to reduced flex compared to a standard OEM plastic line.

DESIGN & FUNCTION

- » Brake line consists of seamless extruded PTFE hose liner with a stainless steel wired braid which is protected by a durable and lightweight PVC covering.
- » Stainless steel banjos are used to eliminate any possible corrosion.
- » The banjos are adjustable to ensure torque-free mounting
- » The brake lines come with washers and fitment instructions.
- » Our stainless braided brake lines eliminate that “spongy” feeling of standard plastic brake lines.
- » These brake lines are designed for original replacement. For use with our Supermoto Master cylinder check applications from page 117.

STOPPING THE WORLD'S FASTEST.
