

FLAME ATV REAR DISC

ABOUT

Our Flame ATV Discs are manufactured to the tightest tolerances and specifications using a specially hardened premium quality stainless steel. However, we take performance to the next level by integrating our Flame design into the disc.

DESIGN & FUNCTION

- The FLAME design aids in the cooling and cleaning of the contact surface.
- The FLAME Fixed discs is laser cut, CNC drilled, and precision double-grinded for perfect fitment and flatness
- For best performance we recommend using Moto-Master brake pads with the matching pad compound that best suits your type of riding.
