Racing paddock stand bobbins

Protection, durability and easy to use...

Usual paddock stand bobbins are small and not easy to use, aluminum wears out quickly. Cotton reels are oversize paddock stand bobbins, which screw into the paddock stand holes in your swingarm. They offer the dual purpose of protecting your swingarm and enabling the bike to be lifted on a rear stand. Manufactured in PEHD, they are wear resistant and very easy to use. Some models have offset plate to facilitate bike lift and in some case, bringing the Cotton Reel away from the exhaust silencer.

Universal bobbins
