

Replica/Race Pistons

VERTEX
 PISTON R POWER

Piston kits

With over 60 years of rich heritage and higher performances, Vertex gained technical attributes which will give racers the competitive advantages they are looking for.

This new Street range in particular has been developed with the experience acquired in MotoGP, Moto 2 and Moto 3 Championships.

The draw and shape of the cap is optimized to improve the fire front and getting a better compression ratio.

- "Replica" équivalent OE.

Piston cap shape and design optimized to improve the fire front and getting a higher compression ratio
